LOCAL NEWS.

U. S. DISTRICT COURT—This Court, Judge Underwood presiding, was again engaged today in the trial of the case of Henderson & Co. vs. Watters, assignee, in the matter of M. E. Watters, bankrupt. Instructions were given yesterday asked by counsel on both sides, which the judge took under consideration and this morning granted the following: "The fact of insolvency well known to the bankrupt alone, will not entitle the plaintiff to recover." Also, in substance, the following: "The fact of insolvency for the defendant." That in order to enable Henderson & Co. to disaffirm the contract and reclaim the property claimed by them, the jury must be satisfied that Henderson & Co. were induced to make sale of said property by false representations or other contrivances on the part of M. E. Watters & Co. To this latter the counsel for the plaintiffs took exception.

All instructions asked for by the plaintiffs, except the first, were refused.

The argument before the jury was then continued by F. L. Smith for plaintiffs, who was followed by L. B. Taylor for defendant, which consumed the time until half-past one o'clock when the Court took a recess for thirty minutes.

After the recess the case was further argued by Messrs. C. W. Watters for the defendant and H. O. Claughton for the plaintiffs.

RETRENCHMENT AND REFORM—The Retrenchment and Reform committee of the City Council has organized and elected Mr. Joseph Broder, chairman. They met in the Auditor's office last night and continued in session until half-past ten o'clock, during which time several matters were discussed but nothing definitely determined upon. Among the reforms suggested, were the reduction of salary of the Superintendent of Police; having but one collector of taxes, whose pay shall be 12 per cent upon his collections; the farming out of the Sawyer's position; abolishment of the office of Superintendent of Gas, making the manager of the works and the clerk do the work now done by the Superintendent; reducing the expenses of the Fire Department, and reducing the police force. They adjourned to meet again next Monday night.

M. E. CHURCH SOUTH SUNDAY SCHOOL CONVENTION—Mr. W. A. Brawner, who returned this morning from the Sunday School Convention of the Baltimore Conference of the M. E. Church, South, which adjourned in Frederick City, Maryland, last night, reports the Convention as one of the most agreeable ever held. It met on the 16th and all its sessions were harmonious. The delegates present from this city were R. L. Wood, W. L. Padgett, B. W. Nalls and W. A. Brawner. Mr. Wood was elected one of the Vice Presidents and Mr. George R. Hill, also of this city, one of the Executive Committee.

LABEL—Yesterday in the U. S. District Court of the District of Columbia the Baltimore and Potomac railroad company entered a libel of the schooner Charmer, lying at Georgetown, for damage done the Long bridge. The libel states that on the afternoon of the 7th inst., the schooner was being towed down the river by a tug boat, and the draw was opened for the passage; that the tug had safely passed through, but notwithstanding there was ample space for said schooner to pass, she was so unskillfully managed that she collided with the bridge, and it was greatly broken and injured. The damage claimed is \$5,000.

Radical Convention.

The city and county Radical Convention, to nominate delegates to the State Radical Convention, which meets in Lynchburg on the 31st of July, met at the colored Odd Fellow's Hall at noon to-day, but was not called to order until 1 o'clock, in consequence of a misunderstanding as to the place of meeting, the Court House having been designated in the call as the place.

I. C. O'Neal called the body to order, when R. D. Beckley was nominated for temporary chairman, but objection being made, a count was ordered, resulting, eleven for and eleven against his election, when, after some dispute, Mr. O'Neal gave the casting vote, and declared Armstrong the choice of the meeting.

Upon taking the chair, and after thanking the Convention for the honor conferred, at his suggestion, Charles Seales prayed.

A committee on credentials was then announced with Robert Bell, Jr., as chairman, upon which R. D. Beckley, who had made the motion, but had not been named first, said that he did not mean to brook the indignity, and withdrew from the committee.

The committee retired to the northwest corner of the room in a few minutes, and, after a consultation of near one hour, reported that the 1st Ward was entitled to 6 delegates, the 2d Ward to 6, the 3d Ward to 10, and the 4th Ward to 7; Arlington Township to 3, and Jefferson Township to 2.

A motion was made that the report be not received, but it received no second.

On motion, the report of the committee was received and the committee discharged.

The roll was then called and all the wards and townships found to be represented, except Washington Township, which had no delegates present.

The chairman announced that the next business was to elect permanent officers, and that in order to elect a president. About twenty persons were put in nomination, when, after some debate, Wm. H. Miller was elected president.

Richard Miles became disgusted with Armstrong's way of presiding, and left the hall, uttering words of displeasure.

A motion was made, but lost, to take up a collection to defray the expenses.

George Cooper, who has charge of the hall, protested against the Convention being held until the money was paid, and it was only when John A. Seaton gave his word of honor that he would pay for the use of the hall that proceedings were continued.

A motion was made to go into an election for delegates to Lynchburg.

Haunault King was in favor of taking up the collection at once, because after awhile they would all leave and not pay the bill.

John Seaton paid \$2 for the use of the hall, and a motion was made to have the four delegates repay Mr. Seaton.

R. D. Beckley was opposed to this. He was tired of seeing so much in the papers about their money squabbles.

While Beckley was speaking John A. Seaton took up a collection to reimburse himself, and announced that he had put an end to all the fuss, for he had collected \$211.

At this announcement R. D. Beckley took his seat, and, on motion, the roll was called again to ascertain if delegates enough were present to go into an election for delegates to the Lynchburg Convention, when all were found to be present with the exception of three delegates from the 1st Ward and three from Washington Township.

A discussion, which lasted half an hour was indulged in as to the manner in which the votes should be cast, and it was decided to vote by ballot. There were eighteen nominations made for delegates, among them Col. M. D. Ball and F. A. Windsor.

Before going into the election, the meeting became very disorderly, and the President could exercise no control over the unruly delegates. Repeated calls were made for order and many "points" of order raised.

After order was partly restored, a motion was made that the votes be cast for all four of the delegates at once. It was sometime before the majority of the delegates could understand this way of voting, and it was the cause of much loud talking. After it had been thoroughly explained, the ballots were cast, with the following result: John A. Seaton 25, T. B. Pin 32, A. Syphax 24, R. D. Beckley 30. There were thirty-eight tickets voted, being four more than allowed.

I. C. O'Neal said that if the vote was taken over the result would not be altered.

F. L. VanAuken moved that the vote be taken over, and pronounced it a fraud, but his motion was lost.

On motion the four delegates above named were declared unanimously elected.

The Convention then took a recess for ten minutes, after which they proceeded to elect officers of the County Committee.

I. C. O'Neal was elected chairman of the Committee and each ward was instructed to appoint two delegates and each township one, to form a County Committee. The Convention then adjourned.

THEFTING SERVANT—Upon the recommendation of a colored man named Page, Mr. Jno. T. Evans, on Thursday last hired a colored woman as a house servant, but she didn't stay there more than half an hour, and soon after her disappearance it was discovered that she had carried off kitchen furniture of the value of about fifty dollars. Mr. Evans put the police on her track and started a boy on horseback up the Washington Turnpike after her, and when he reached the Long bridge he found that she had just crossed it, but as it was broken he could not continue his pursuit, fearing to leave his horse, as that might be stolen.

TROTTERING MATCH—The trotting match over the Piney Branch race course, near Washington, yesterday afternoon, in which only Alexandria horses were entered, was owing to the rain that had occurred earlier in the afternoon, but finally attended by Washingtonians, though a goodly number from this city were in attendance. Dorsey, and ran in the order named, the race, best three in five mile heats, being one by Davis—time 3:18.

The Indemnity Fund.

NEW YORK, July 19.—In the transmission of the Alabama indemnity fund of \$15,500,000 to the United States, the English government availed itself of three American banking houses in London—J. S. Morgan & Co., Morton, Rose & Co., and Jay Cooke, McAllister & Co. The bankers determined to transmit about one half through the ordinary channels of exchange. Accordingly, Morgan & Co. have drawn bills for about \$8,000,000 on London houses and sold them, that amount being placed to the credit of England on this side. It is not the intention of the bankers to transmit any additional sum in this way, but the balance is to be sent over through the shipment of fifty-two bonds to the amount of \$7,500,000, a considerable portion of which has already been obtained.

The change was managed quietly at the instance of the Chancellor of the Exchequer, who was afraid of the effect publicity might have on the market. The bonds will be turned into gold at par, making the full amount of the indemnity.
